### For the attention of the Headteacher

Dear Headteacher,

there are only few days before the closing date for entries to the European competition "Guide to the European Health Resorts" ([deadline: 20 April 2009](#)).

The competition represents an important occasion for your school and your students of twinning with one of the schools, which is already enrolled at the European challenge, of the following Nations: AUSTRIA, CROATIA, FRANCE, GERMANY, HUNGARY, ITALY, POLAND, PORTUGAL, RUMANIA, UNITED KINGDOM.

The Initiative (see attachment) aims to develop in young people a historical awareness, attentive to the values of the past and the sense of belonging to the local, national, European community.

The competition is open to classes of students (led by the teachers), aged between 15 - 19 from secondary schools.

You can see the presentation of it in several national and international websites like:
